January 17, 2014

Dear Alpha News Edge Trade Alert Customers,

Your latest Alpha News Edge Trade Alert.

Stock: IMUC

Action: Buy (Open Position) – Buy-back

Position Size: Half

Current Price: \$1.04

Investment/ Trading Horizon: Short-Term

Thesis: This position was bought at 70.5 cents on 12/18, and sold at \$1.03 on 12/27. with the intent of buying back lower, on weakness. On Monday, a press release from the company confirmed our earlier buy thesis, with the company announcing that updated PFS data on ICT-107 could portend improvement in OS data as it comes in over the next two to three quarters. Today, the stock has broken out of its earlier consolidation range, and chances are high now that it will move towards filling the gap-down from December.
