Sell PLUG (Close Position) - 5th Time

June 19, 2013

Dear GuruFundPicks' Alpha News Edge Trade Alert Customers,

Your latest Trade Alert.

Stock: PLUG

Action: Sell (Close Position).

Current Price: \$5.10

Thesis: Position bought at \$4.29 yesterday for a fifth time in the trade alerts portfolio, as a short-term technical buy, based partly on fundamentals, technical's and earlier rumors of a buy by Toyota of its products for its forklifts. Our four earlier buys were also all profitable, first bought at \$1.95 on 1/3, and then we bought and sold at \$3.81 and \$4.50 resp. on 5/12 and 5/13 resp., and then we again bought and sold at \$3.87 and \$4.31 resp. on 5/14 and 5/16 resp., and then we again bought and sold at \$4.05 & \$4.34 on 5/28 & 5/29 resp. We are exiting here because this was a technical buy, and the stock is extended after breaking above the 50 day MA on a strong up-move, so it is likely to consolidate here first. Furthermore, its peers, BLDP and HYGS, also in a bull-run this time, are also weakening, so the move in the group may be over for now.

Best,

support@GuruFundPicks.com
